1.	Theme No. 4 : A Village with functional house tap connections to all, with targeted standard of quality water supply, good water management and abundant water availability for agriculture and all needs, and conserving its water ecosystem.	P - Sharmin L - Deep S - Sarodeep Pankhur				Gram Sabha Resolution on April 24, 2022	
						We recognize that people are at the centre of sustainable development and, we committed to work together to promote sustained inclusive economic growth, social development and environmental protection and thereby to benefit all.	
						We reaffirm the importance of freedom, peace and security, good governance and the rule of law, respect for all human rights, including the right to development and the right to an adequate standard of living, right to health, including the right to food.	
						We recognize that gender equality and womens empowerment are basic for sustainable development and our common future.	
						We believe in providing equal opportunities for all, and the protection, survival and development of children to their full potential. We emphasize that sustainable development must be inclusive and people-centred, benefiting and involving all people including women, youth and children, persons with disabilities, small holder and subsistence farmers, fisherfolk and those working in small and medium-sized enterprises and will strive to improve the standard of living and empowerment of the poor and vulnerable groups.	
						We acknowledge that climate change is a cross-cutting, persistent and looming crisis and understand that the scale and gravity of the negative impacts of climate change affect all Planet Earth and its ecosystems are our home and we commit to restore the health and integrity of the "Mother Earth".	
						And so, we envision our Panchayat and commit to achieve:- Theme No. 4 Selected by V.P. Tivim.	
						A Village with Functional House Tap Connections to all, with targeted standard of quality water supply, good water management and abundant water availability for agriculture and all needs, and conserving its water ecosystem.
